Lily C. Hahn

lchahn@ucar.edu | https://atmos.uw.edu/~lchahn/

(207) 651-1994

EDUCATION

University of Washington, Seattle, WA 2018-2023
Ph.D., Atmospheric Sciences

Yale University, New Haven, CT 2013-2017
B.S., Geology & Geophysics: Atmosphere, Ocean and Climate with Distinction in the Major, *summa cum laude*, Phi Beta Kappa

AWARDS AND HONORS

NOAA Climate & Global Change Postdoctoral Fellowship 2023-2025
Wagner Memorial Award for Women in Atmospheric Sciences 2022
Advanced Climate Dynamics Course Participant in Rondane, Norway 2022
Graduate Student Distinguished Service Certificate, UW Atmospheric Sciences 2022
National Science Foundation (NSF) Graduate Research Fellowship 2018-2021
Achievement Rewards for College Scientists (ARCS) Fellowship 2018-2021
Belknap Prize in Geology & Geophysics, Yale 2017
Summer Student Fellowship, Woods Hole Oceanographic Institution 2016
Von Damm Research Fellowship in Geology & Geophysics, Yale 2016
J. Edward Meeker Freshman English Prize, Yale 2014

POSTDOCTORAL APPOINTMENT

Scripps Institution of Oceanography September 2023-present
NOAA Climate & Global Change Postdoctoral Fellow: Impacts of the Atlantic Meridional Overturning Circulation on Global and High-Latitude Warming
Advised by Nick Lutsko and Ian Eisenman

RESEARCH EXPERIENCE

University of Washington, Atmospheric Sciences Department 2018-2023
Mechanisms of polar-amplified warming
Advised by David Battisti and Kyle Armour

University of Oslo, Department of Geosciences Spring 2018
Role of topography for Greenland cloud response to high-pressure conditions
Advised by Trude Storelvmo

Woods Hole Oceanographic Institute Summer 2016, Summer-Fall 2017
Linking extreme Greenland Ice Sheet melt and atmospheric circulation variability
Advised by Caroline Ummenhofer

Yale Atmosphere, Oceans, and Climate Dynamics Group 2015-2017
Orbital forcing with observationally-constrained clouds; Climate geoengineering effects
Advised by Trude Storelvmo

PEER-REVIEWED PUBLICATIONS

Hahn, L. C., Armour, K. C., Battisti, D. S., Donohoe, A., and Fajber, R. (2023). Seasonal changes in atmospheric heat transport to the Arctic under increased CO_2. *Geophysical Research Letters*, 50, e2023GL105156. https://doi.org/10.1029/2023GL105156

Bonan, D. B., Feldl, N., Zelinka, M.D., and **Hahn, L. C.** (2023). Contributions to regional precipitation change and its polar-amplified pattern under warming. *Environmental Research: Climate*, 2, 035010. https://doi.org/10.1088/2752-5295/ace27a

Hahn, L. C., Armour, K. C., Battisti, D. S., Eisenman, I., and Bitz, C. M. (2022). Seasonality in Arctic Warming Driven By Sea Ice Effective Heat Capacity. *Journal of Climate*, 35, 1629-1642. https://doi.org/10.1175/JCLI-D-21-0626.1

Hahn, L. C., Armour, K. C., Zelinka, M. D., Bitz, C. M., and Donohoe, A. (2021). Contributions to Polar Amplification in CMIP5 and CMIP6 Models. *Frontiers in Earth Science*, 9, 710036. https://doi.org/10.3389/feart.2021.710036

TEACHING AND MENTORSHIP

Guest Lecturer, Exploring the Atmospheric Sciences
University of Washington, Atmospheric Sciences
Ice and Climate — Spring 2023
Climate feedbacks and polar warming — Fall 2022

Instructor, Exploring the Atmospheric Sciences — Summer 2021
University of Washington, Atmospheric Sciences

Teaching Assistant, Climate and Climate Change — Fall 2019
University of Washington, Atmospheric Sciences (Professor: Kat Huybers)

Research Advising

Elinor Kay, Smith College, Undergraduate Intern — Summer 2023
Benjamin Buchovecky, Princeton University, HMEI Undergrad. Intern — Summer 2022
Madeleine Burns, Princeton University, HMEI Undergraduate Intern — Summer 2022

UW Graduate Student Peer Mentoring Program — 2022-2023
Mentor

UW Graduate-Undergraduate Mentor Program
Program Co-Lead — 2019-2023
Mentor (5 undergraduate students) — 2018-2023

UW Odegaard Writing and Research Center — 2019-2020
Writing Tutor

Yale Science and Quantitative Reasoning Tutoring Program — 2014-2016
Chemistry and Calculus Tutor

COMMUNITY ENGAGEMENT

AGU Thriving Earth Exchange
Community Science Fellow — 2023-present
Facilitate collaborative projects co-developed by communities and scientists

Volunteer Scientist, Environmental Benefits Chapter — 2019-2020
Feasibility Study for Community Choice Aggregation of Renewable Energy Options

UW Program on Climate Change (PCC) ACORN Program
Co-Founder and Co-Lead — 2020-2023
Actionable Community-Oriented Research eNgagement connects graduate students with community leaders to address community climate and energy priorities

Volunteer Scientist — 2020-2022
Emissions Impacts of Demand Response Implementation in Washington State

Project Bright — 2013-2017
West Campus Installation and Outreach Co-Lead, Treasurer
Received New England Grassroots Environmental Fund Grow Grant and Yale Landscape Lab Seedling Award for solar installation design and environmental outreach programs at Yale's West Campus Farm

UNIVERSITY AND PROFESSIONAL SERVICE

UW PCC Graduate Steering Committee — 2019-2021

Launched the Program on Climate Change (PCC) Undergraduate Research Cohort
Facilitated the Spring Symposium and Climate Science on Tap: The Schooner Series

Department Service

NCAR Postdoctoral Fellows Networking Committee 2023-present
First Annual Great Atmos Bake-Off Organizer 2022
UW Atmospheric Sciences Part-Time Lecturer Search Committee 2021

Conference Activities

Scientific Organizing Committee, US CLIVAR Polar Amplification Workshop 2023
Co-Convener, Innovative Initiatives in Conducting Community-Based Science and Training the Next Generation of Practitioners, AGU Fall Meeting 2021
Executive Committee Co-Chair, Graduate Climate Conference 2021
Executive Committee Member, Graduate Climate Conference 2020, 2022

Journal Reviewer

Communications Earth & Environment (1), Environmental Research: Climate (1), Geophysical Research Letters (6), Journal of Climate (5), Journal of Geophysical Research – Atmospheres (1), Nature Communications (1), npj Climate and Atmospheric Science (1)

PRESENTATIONS

Invited Talks

Scripps Institution of Oceanography, Climate, Atmospheric Sciences, and Physical Oceanography Seminar October 2023
Understanding Seasonal Asymmetry in Arctic Climate Change

UW Program on Climate Change Summer Institute September 2023
Atmospheric Drivers of Polar Warming Asymmetries

University of Washington, Odegaard Writing and Research Center June 2023
Dissertation Writing Intensive Panel: Sustainable Writing Practices

Desert Research Institute, Wagner Award Seminar November 2022
Seasonality in Arctic Warming Driven by Sea Ice Effective Heat Capacity

Paleoclimate Advances Webinar Series July 2022
Contributions to Polar-Amplified Warming and Its Seasonality

Polar Amplification Model Intercomparison Project Webinar Series June 2022
Contributions to Polar-Amplified Warming and Its Seasonality

Columbia University, Department of Earth and Environmental Sciences, Seminar in Race, Climate Change, and Environmental Justice February 2021
ACORN: Actionable Community-Oriented Research eNgagement

European Polar Science Week October 2020
What Drives Hemispheric Asymmetry in Polar Warming?

Contributed Talks
